User Manual:
Nissan Rogue
Power Lift Gate System

A. Getting Started

Thank you for choosing the Advent Power Liftgate System! This user manual will provide you with information on the function and use of the Power Liftgate System. To ensure proper function, refer to this manual for use instructions.

Please pay close attention to the warning and safety precautions referenced in this manual.
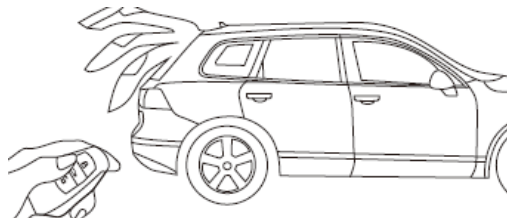

B. Warnings & Safety

1. The Power Liftgate System automatically opens and closes, avoid manually opening or closing the liftgate. This type of operation can damage the power Power Liftgate System.
2. Do not disassemble or remove the Power Liftgate System from your vehicle.
3. To avoid injury when operating, ensure no objects or persons are in the way of Power Liftgate System.

C. Use Instructions

1. Factory Remote Control

Use your vehicle's factory remote/fob to open and close the Power Liftgate:

3 x Unlock (Fast) = Liftgate Open/Close

2. Front & Back Open/Close Buttons

Press the Power Liftgate button from the inside or back of the vehicle to open or close the liftgate. Please make sure the liftgate is fully open/closed before use.

3. Height Adjustment

CAUTION: If you feel resistance when manually adjusting liftgate, do not push further.

With the liftgate open, manually adjust to the preferred height. Once adjusted, press the INSIDE button for 3 SECONDS, until you hear the system beep TWICE and then release the button. Cycle the Power Liftgate System to verify height adjustment.

C. Use Instructions (Cont.)

4. Intelligent Anti-Pinch

If an object blocks the Power Liftgate System during operation, the liftgate will stop and automatically move in the opposite direction to avoid damage or injury.

5. LED and Alarm Open/Close Confirmation

- When closing the Power Liftgate System, the button's LED will flash once and the alarm will sound once to confirm the close action.

- When opening the Power Liftgate System, the button's LED will flash twice and the alarm will sound twice to confirm the open action.
